June 23, 1982

The Honorable William J. Casey  
Director  
Central Intelligence Agency  
Washington, D. C. 20505

Dear Bill:

As we say in the Navy, you and your staff rate a perfect "4.0" for today's ceremony with the President's signing the new law.

Having started my public career as an advance man under the tutelage of our mutual beloved friend, Len Hall, I have some modest ability to judge the planning and the details that go into such events. Over the past week I have been privileged to be with the President twice - in one instance the handling of the Congressional delegation was a mild debacle as compared to yours, which was precision perfect. We appreciate these details and I express the sentiments of those who were with me.

The real purpose of this letter is that you convey this "well done" to as many staff

members who made the day another significant chapter in American history and, indeed, in yours.

It's a pleasure to work with you and your staff as one of the Senate's overseers of your authorization legislation.

Sincerely,

A handwritten signature in cursive script, appearing to read "John".
