National Intelligence Council

MEMORANDUM FOR: Deputy Director of Central Intelligence
FROM: Constantine C. Menges
National Intelligence Officer for Latin America
SUBJECT: SSCI Briefing--Suggested Themes

1. In addition to a description of events in Central America today, I would suggest that our briefing cover two potential negative contingencies (and I would be willing to do this):

a. The potential connection between events in Central America and Mexico (see Tab A).

b. The potential consequences for Central America of a termination of US support for the anti-Sandinista forces (see Tab B).

2. I shall look forward to seeing you at 14:30 today.
