DIRECTOR OF CENTRAL INTELLIGENCE  
**Security Committee**

SECOM-D-187

6 September 1983

MEMORANDUM FOR: Deputy Director of Central Intelligence

VIA: Acting Director, Intelligence Community Staff

*gfp* 9 SEP 1983

FROM: [redacted]  
Chairman

25X1

SUBJECT: Activity Report for August 1983 [redacted]

25X1

I. Highlights

1. Unauthorized Disclosures Matters.

- The SECOM staff prepared, and the DCI signed, a memorandum to the National Foreign Intelligence Council promulgating the non-disclosure agreement for SCI developed pursuant to NSDD-84. The memorandum enjoins departments and agencies receiving materials submitted for prepublication review to refer them to Intelligence Community agencies with interest in the topics involved when the materials relate to SCI or to sources and methods. [redacted]

25X1

- Pursuant to arrangements made by the Chairman, SECOM, and the Directors of Security and Public Affairs, the DCI spoke to senior public affairs and security officers of the Community on the damage from leaks of intelligence and the need to stop them. The Chairman followed up the DCI's personal and videotaped remarks with a short presentation on how Community agencies could avail themselves of DCI staff resources to deal with impending leaks or to report suspected breaches of security. Later in August, the Chairman showed the videotaped presentation of the DCI's remarks to senior officials of OD&E, OIS and ODP, and responded to questions and comments. Similar presentations are scheduled for Community departments and agencies in September. [redacted]

25X1

2. Computer Security. The Community was tasked, through the SECOM Computer Security Subcommittee, to support the [redacted] assessment of computer security by compiling data on funded, and on unfunded but needed, computer security projects, and on current and FY 1984 expected computer security organizations. [redacted]

## II. Work in Progress and Completed

### 1. General.

- The new Air Force Director of Security and Communications Management met with the Chairman to discuss his duties as Air Force Member of SECOM and as Chairman of the SECOM Compartmentation Subcommittee. He also reviewed the DCI videotape on leaks and discussed possible presentations within the Air Force. [redacted]

25X1

- The SECOM staff and the SECOM technical subcommittees again revised the FY 85 budget in response to an additional cut in guidance. [redacted]

25X1

25X1

2. Computer Security. A SECOM staff member is participating in the work of the SAFEGUARD Working Group. This group, part of the [redacted] computer security effort, is defining key safeguards needed in the areas of access control, audit and data labeling. These safeguards are to be applied as survey criteria to the Community's "Critical Systems" now being selected.

25X1

25X1

### 3. Personnel Security.

- The tenth seminar for Community personnel who adjudicate eligibility for SCI access was held [redacted] under SECOM auspices. Twenty officers from 10 departments and agencies completed the course. [redacted]

25X1

25X1

- The SECOM Personnel Security Subcommittee met to develop a plan under which the Community would compile and screen anecdotal material on the benefits of the polygraph to support any testimony on the subject that may be called for at the hearings planned by Congress pursuant to the Chafee Amendment to the Defense Authorization Bill, and to support efforts to broaden use of this proven technique. [redacted]

4. Physical Security. The SECOM Physical Security Working Group completed the pilot Intelligence Community seminar on physical security. Working Group members made up the "class," [redacted] Their participation enabled them to refine the seminar content and schedule for later presentation to working level officers. [redacted]

25X1  
25X1

5. Security Awareness. The SECOM Security Awareness Subcommittee met under a new chairman (NSA's chief of security education) and agreed on a new statement of mission and functions. They also began updating a bibliography of security awareness materials for use by the Community, and were advised of new videotape security awareness materials which will shortly become available from the FBI [redacted] and from the Defense Industrial Security Institute [redacted].
