91088CONFIDENTIALMINUTES OF CMWG, AUGUST 24, 1983 (U)

The CMWG met at 10:00 A.M. on August 24, 1983 in Room 208 of the Old Executive Office Building. (U)

The topic of this week's discussion was TM Operational Control. Accordingly, no minutes will be distributed because of the codeword classification. (U)

MINUTES OF CMWG, AUGUST 31, 1983 (U)

The CMWG met at 10:00 A.M. on August 31, 1983 in Room 208 of the Old Executive Office Building. (U)

The topic of this week's discussion was Physical Security and TEMPEST Accreditation of Tier I Facilities. (U)

The CMWG concluded that CIMS would operate system high at the SCI level. Handling of compartmented information will be determined at a future date. It was further decided that a security working group should be formed to develop a security plan for CIMS. Each agency is requested to provide their representative's name to the Project Office. This person does not need to be cleared beyond the SECRET level. (C)

MINUTES OF CMWG, SEPTEMBER 7, 1983 (U)

The CMWG met at 10:00 A.M. on September 7, 1983 in Room 208 of the Old Executive Office Building. (U)

The topics discussed at this meeting were CIMS Procurement and CIMS Information Media Capabilities. (C)

Near-term procurement guidance was given by the Project Office. A form to be used for inter-agency fund transfers was distributed. Because the fiscal year is almost over, FY83 monies cannot be handled through DCA. FY84 and out-year monies will

be used for CIMS procurement and implementation. Future guidance will be given regarding type of appropriation required, procedures for fund transfer, and standard wording for forms. The Project Office is developing a quarterly profile of funding requirements which will be distributed to the CMWG at a future meeting. (C)

The Project Office informed CMWG participants that a letter would be forthcoming requesting that each agency assign a full-time representative to the Project Office. A list of proposed activities for these representatives was distributed. (U)

Following the discussion of media capabilities, it was concluded that: (U)

1. The White House will prepare a statement of their requirements for CIMS concerning motion video teleconferencing, secure voice, text conferencing, imagery/graphics, and ADP aids. (C)

2. Each of the other CMWG agencies will prepare a statement of their own agency's requirements on the same topics. (U)

3. All CMWG participants were requested to state their views on CIMS performance measures as shown in the last briefing chart. (C)

For the present, CIMS requirements should be stated as a reflection of agency operational activities and not constrained by cost considerations. The Project Office will summarize the above requested statements and provide a cost analysis. At that time, the requirements issue will be revisited. (C)

Copies of briefings and other materials will be distributed on September 21 to CMWG members who have missed any of the above meetings. (U)
