

Fred,

1. Attached is the agenda PM&P will follow on 10-11 June.
2. In addition to the production plan review + Bob Ames's special subject, I want to plan for at least one substantive project review in each of SOVA and NE SA. I recommend that you ask Ray and Bob respectively to identify one major current project which they would like the 4 members to assess and counsel on. Then the afternoon of the first day would be devoted to meetings with the analysts on these projects*. The topics should be well enough started so the analysts have something to say, but not too far to influence.
3. All the "social support" we'll need is a room for ^{ILLEGIB} ~~10~~ people b) sandwiches on day #1, c) lunch in the BDR on day #2.

* And collection of any reports supporting the project before hand.

Vol.

~~BAK P Agenda~~

10 June ~~BAK~~

~~0900~~¹⁰⁰⁰ - 1030

1030 - 1200

1200 - 1300
