1 year 1982, under the terms and conditions and at a rate to
2 maintain current operating levels.

3 SEC. 119. None of the funds provided by this joint reso-
4 lution may be expended by the Department of the Interior for
5 the procurement, leasing, bidding, exploration, or develop-
6 ment of lands within the Department of the Interior Central
7 and Northern California Planning Area which lie north of the
8 line between the row of blocks numbered N808 and the row
9 of blocks numbered N809 of the Universal Transverse Mer-
10 cator Grid System.

11 SEC. 120. Notwithstanding any other provision of this
12 joint resolution, none of the funds made available by this Act
13 shall be used to reduce the number of positions allocated to
14 taxpayer service activities below fiscal year 1982 levels or to
15 reduce the number of positions allocated to any other direct
16 taxpayer assistance functions below fiscal year 1982 levels,
17 including but not limited to, toll free telephone tax law assist-
18 ance and Internal Revenue Service walk-in assistance availa-
19 ble at Internal Revenue Service field offices.

22 eral Services Administration under this Act shall be obligated
23 or expended after date of enactment of this Act for the pro-

10 SEC. 123. Section 305(b) of Public Law 97-253 is
11 amended by inserting before the period the following: “,
12 except for those individuals who serve three days or less in

14 SEC. 124. No funds appropriated by this joint resolution
15 or any other Act may be used to enter into a restructured
16 contract of the National Aeronautics and Space Administra-
17 tion for tracking and data relay satellite services if the esti-
18 mated impact on total program cost of such restructured con-
19 tract exceeds \$216,000,000, or if the estimated total cost of
20 the restructured tracking and data relay satellite services
21 program exceeds \$2,704,000,000, unless the Committees on
22 Appropriations, having been apprised of higher estimates by
23 the Administrator of the National Aeronautics and Space Ad-
24 ministration, approve entering into such contract: *Provided,*
25 That if at any time the Administrator of the National Aero-

17 SEC. 126. The provisions of H. Res. 611, 97th Con-
18 gress, approved November 30, 1982, relating to the House of
19 Representatives Page Board, shall be the permanent law
20 with respect thereto.

21 SEC. 127. (a)(1) Except as provided by paragraph (2),
22 no Member may, in any calendar year beginning after De-
23 cember 31, 1982, have outside earned income attributable to
24 such calendar year which is in excess of 30 per centum of the

1 aggregate salary as a Member paid to the Member during
2 such calendar year.

3 (2) In the case of any individual who becomes a Member
4 during any calendar year beginning after December 31,
5 1982, such Member may not have outside earned income at-
6 tributable to the portion of that calendar year which occurs
7 after such individual becomes a Member which is in excess of
8 30 per centum of the aggregate salary as a Member paid to
9 the Member during such calendar year.

10 (b) For purposes of subsection (a), honoraria shall be
11 attributable to the calendar year in which payment is re-
12 ceived.

13 (c) For the purposes of this section—

14 (1) "Member" means a United States Senator, a
15 Representative in Congress, a Delegate to Congress,
16 or the Resident Commissioner from Puerto Rico;

17 (2) "honorarium" means a payment of money or
18 anything of value to a Member for an appearance,
19 speech, or article, by the Member; but there shall not
20 be taken into account for purposes of this paragraph in
21 any actual and necessary travel expenses incurred by
22 the Member to the extent that such expenses are paid
23 or reimbursed by any other person, and the amount
24 otherwise determined shall be reduced by the amount

1 of any such expenses to the extent that they are not
2 paid or reimbursed;

3 (3) "travel expenses" means, with respect to a
4 Member, the cost of transportation, and the cost of
5 lodging and meals while away from his residence or
6 the Greater Washington, District of Columbia, metro-
7 politan area; and

8 (4) "outside earned income" means, with respect
9 to a Member, wages, salaries, professional fees, hono-
10 rariums, and other amounts (other than copyright roy-
11 alties) received or to be received as compensation for
12 personal services actually rendered but does not in-
13 clude—

14 (A) the salary of such Member as a Member;

15 (B) any compensation derived by such
16 Member for personal services actually rendered
17 prior to the effective date of this section or be-
18 coming such a Member, whichever occurs later;

19 (C) any amount paid by, or on behalf of, a
20 Member to a tax-qualified pension, profit-sharing,

23 (D) in the case of a Member engaged in a
24 trade or business in which the Member or his
25 family holds a controlling interest and in which

1 \$200,000,000,000 in debt, financed at rates ranging between
2 15 and 20 per centum, with higher costs and lower prices.
3 The Trade Adjustment Assistance Administration of the De-
4 partment of Labor has certified that five hundred and ten
5 thousand are unemployed as a result of foreign automobile
6 imports. During the 1975 recession approximately 76 per
7 centum of unemployed workers were covered by some form
8 of unemployment benefit and today only 49 per centum are
9 currently covered. Long-term economic stability can only be
10 achieved through the private sector where existing Federal
11 domestic and foreign policies are inadequate to provide
12 means for the recovery of major and minor industries, of
13 large and small businesses, or of United States agricultural
14 production, which is being held off world markets by refusing
15 to sell at competitive prices. Today every possible means
16 must be made to increase American production to sell Ameri-
17 can, instead of continuing to make competitors out of custom-
18 ers. The current unacceptable level of unemployment which
19 has not existed since the Great Depression prior to World
20 War II creates an economic and humanitarian problem too
21 serious to ignore, and since a strong and viable economy is an
22 essential ingredient of our national security and the efforts to
23 increase our military capability and readiness. Unemployment
24 compensation has reached an annual rate of over
25 \$20,000,000,000, and now hundreds of thousands of workers

1 have exhausted the period of time for which they are entitled
2 to draw unemployment compensation at a time when the ma-
3 terial wealth of the Nation is being allowed to deteriorate in
4 the watersheds, rivers and harbors, and that in the interest of
5 the Nation immediate steps should be taken to retain and
6 restore our physical wealth. It is essential that interest rates,
7 which have been reduced following a General Accounting
8 Office investigation of the Federal Reserve System at the
9 request of the committee, continue at present or lower rates
10 for industrial and agricultural recovery.

11 SEC. 202. The appropriate committees of the Congress
12 are directed to study the current economic crisis with specific
13 emphasis to long-term recovery, and a strong private sector
14 based on a cooperative Government/industry partnership;
15 and that these findings be presented to the respective Houses
16 of the Congress by no later than March 15, 1983, for appro-
17 priate action.

18 SEC. 203. The Board of Governors of the Federal Re-
19 serve and the Federal Open Market Committee should take
20 such actions as are necessary to achieve and maintain a level
21 of interest rates low enough to generate significant economic
22 growth and thereby reduce the current intolerable level of
23 unemployment.

24 SEC. 204. In an effort to reduce unemployment cost, to
25 increase the benefit of expenditures, and to put people back

1 to productive work, where the benefits of the efforts will be
2 of value, notwithstanding any other provision of this joint
3 resolution, the following sums are appropriated, in addition to
4 amounts otherwise made available, out of any money in the
5 Treasury not otherwise appropriated, and out of applicable
6 corporate or other revenues, receipts, and funds, for the sev-
7 eral departments, agencies, corporations, and other organiza-
8 tional units of the Government for the fiscal year 1983, and
9 for other purposes, namely:

18 ations.

20 To provide for the improvement of railroad rights-of-
21 way, and to provide for productive jobs, the Secretary of
22 Transportation shall make capital grants to the National
23 Railroad Passenger Corporation of \$90,000,000, to remain
24 available until expended.

1 for the American people as a result thereof, \$1,000,000,000,
2 to remain available until September 30, 1985.

3 COMPETITION IN WORLD MARKETS

4 In light of increased export subsidies being made by for-
5 eign governments, or frequently through Government-owned
6 corporations, and the resulting disadvantage it places upon
7 American sales abroad, and the overall effect on free trade
8 and world competition, and American balance of payments, a
9 study is directed to be conducted by the Secretary of the
10 Treasury and the Secretary of Commerce, with cooperation
11 of the American business community, to examine the current
12 trade crisis with the objective of making American exports
13 more competitive in world markets and strengthening our
14 commitment to "Sell American", there is hereby appropri-
15 ated to the International Trade Administration, Department
16 of Commerce, \$200,000 for necessary expenses, including
17 the hiring of consultants, as authorized by 5 U.S.C. 3109,
18 but at rates for individuals not to exceed the per diem rate
19 equivalent to the rate for GS-18.

20 INCREASING LOCAL ECONOMIC DEVELOPMENT

21 Toward the objective of restoring the prior level of Fed-
22 eral support for economic development purposes throughout a

25 Public Law 91-304, and such laws that were in effect imme-

11 fund", authorized by section 7(a) of the Small Business Act,

13 fiscal year limitation, to help small businesses throughout the

15 the private sector.

16 **DEVELOPING PARKS AND RECREATION AREAS**

17 For grants to any State government or agency thereof
18 or public institution of higher education for small business
19 oriented employment or national resources development pro-
