MEMORANDUM FOR: Director of Central Intelligence
VIA: Deputy Director of Central Intelligence
FROM:
Director, Intelligence Community Staff
SUBJECT: DCI's Annual Report to the Congress

1. Attached for your signature are letters (Tab A) to the President, the Vice President, and the chairmen of the key Congressional committees forwarding your Annual Report to the Congress (Tab B). Also enclosed for your information is the complete distribution list for the report (Tab C). The final draft report incorporates all relevant changes to the version you had earlier seen. The only change of any significance from the earlier draft is a rewrite of the introductory section where it was felt the tone was too optimistic. I believe this section now conveys both the message that significant improvements have been realized during the past four years, and that continued improvements in our capabilities must be made in the future to close the remaining intelligence gaps and meet future challenges.

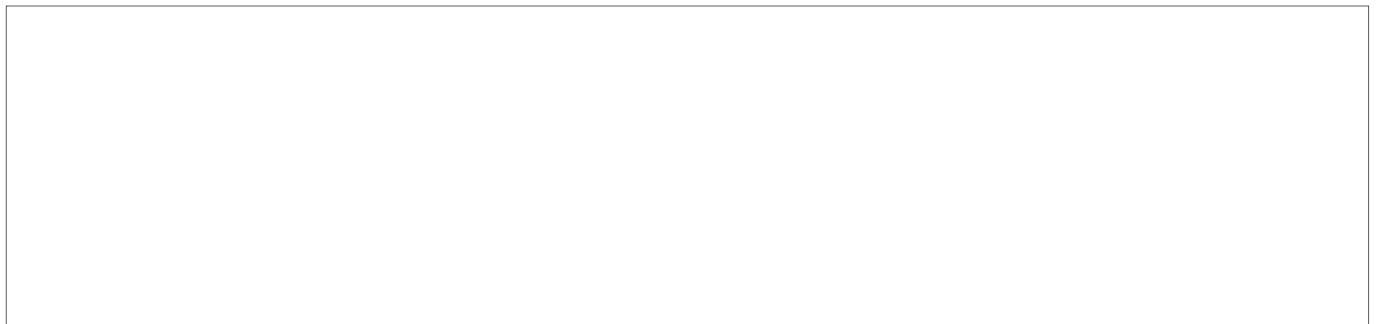

2. The report is being prepared for publication at this time, but should you wish to make any last minute changes, we still can accommodate them.
