Bert:

Thank you for the excellent briefing on INSCOM as well as lunch the other day. I have checked back on the work going on in the low energy field and find it's not very much. Accordingly, I will stimulate some interest throughout the Community for more collection.

Peg and I found the Army Ball the other night most delightful. The choral group was super and well worth the price of admission.

Look forward to seeing you again. Stay in touch.

Regards,

N. McMahon
