MEMORANDUM FOR: DIA/RSE

[Redacted]

FROM:

Vice Chairman, Intelligence Information Handling Committee

SUBJECT: DODIIS Briefing for

[Redacted]

Don Juan & Walt

This will confirm the fact that we have arranged to brief [Redacted] on DDN, DODIIS, and DODIIS networking beginning at 1030 here [Redacted] on February 23rd. For your information, I am attaching a copy of the letter I am sending to DCA which outlines the schedule and the points we are asking them to address. In the area of DODIIS networking we would like to have the status of IDHSC II and the new IDHSC II/COINS gateway covered, as well as the overview of the future DODIIS network and its relation to the overall DDN program. In addition we would like a brief review of all of the individual contracts which are underway or are to be executed in FY 84 in support of DODIIS networking, i.e., the NFE, NQL, 21-V-NFE interface implementation, the PACOM IBM interface effort, DODIIS standard terminal, and a discussion of plans for the future DODIIS/COINS gateway and what must be done to accomplish this.

DIRECTOR OF CENTRAL INTELLIGENCE
Intelligence Information Handling Committee
WASHINGTON, DC 20505

9 February 1984

Defense Communications Agency
Mr. John E. Thomas
Deputy Program Manager
Washington, DC 20301

Dear John,

STAT [redacted] This will confirm that we have arranged for a series of briefings for [redacted] the new Chairman of IHC, [redacted] starting at 1030 on 23 February. We plan to start with an overview briefing on DDN from DCA. We would like this to include a review of the current status and future plans, with special emphasis on the IPLI. It would also be desirable to include the present status of planning for AUTODIN I and the Interservice AMPE project. We anticipate that your briefing, together with time for discussion and questions, should be from 45 minutes to an hour. STAT
STAT

Your briefing will be followed by briefings on DODIIS and the DODIIS subnet of DDN presented by DIA. You will be welcome to stay for these briefings which we anticipate will conclude at 1230 or 1300 hours.
