The Director of Central Intelligence

Washington, D.C. 20505

18 OCT 1984

MEMORANDUM FOR: Distribution

SUBJECT: Summary of Off-Site Conference Proceedings,
21-22 September 1984

1. Our recent off-site conference succeeded in meeting my objectives, in large measure as a result of your personal contributions. I believe that we examined a number of issues of critical importance to the Intelligence Community. As a result of the conference, I believe that we have gained greater understanding of the technical and managerial complexities confronting the Intelligence Community on these specific issues. Our collective discussion brought out a number of important insights which hopefully can be carried through to implementation.

2. I hope to continue scheduling two such meetings a year to discuss issues of both a near-term and long-term nature. I very much appreciate your individual and collective contributions to the conference. Attached for your information and use is a summary of the conference discussion and the actions which I believe emerged. I have asked the Director, Intelligence Community Staff, to follow-up on the actions assigned and provide me with periodic reports on their status. I solicit any written comments which you would care to make.

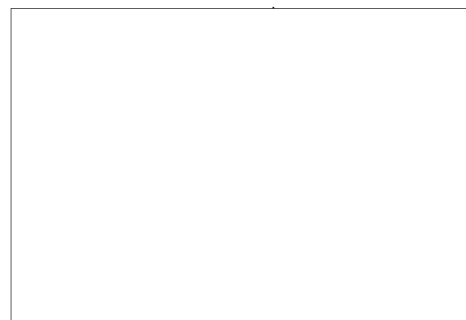

/s/ William J. Casey
