Dear Mr. Namisnak,

Your letter of October 22, 1984 to the Deputy Director of the Central Intelligence Agency has been reviewed by the Office of Security which is responsible for protecting the Agency compound.

Although substantial, your entry control security gate operator does not appear to be the type of equipment in which the Agency is currently interested. Your offer of service, however, is certainly appreciated and we will keep you in mind if future needs should arise where your products could be utilized.

Again, thank you very much.

Yours truly,

/Signed/
