Dear Mr. Casey,

On behalf of the Laughlin Heritage Foundation, we want to express our most sincere thanks for your response to our request for copies of the Cuban Missile Crisis declassified aerial photography. Please express our appreciation to [redacted] of the Public Affairs Office and [redacted] for their prompt and kind assistance to our Foundation!

The framed photographs were initially shown at the 4080th SRW reunion in Del Rio this past August and received great attention from the former members, many who saw the photos for the first time even though they assisted directly with the project! You would have been impressed as some members quietly showed their children and grandchildren the photo collection! The second showing was at Plaza del Sol Mall in Del Rio on October 13th for the general public. There was a dramatic and positive response to the photos due to the current activities in Central America.

As we now place the photo collection at Laughlin Air Force Base for permanent display, we again want to express our gratitude for your assistance with this Heritage Project! We are very proud to have participated with the Agency in preserving the photographs! Thank you!
