MEMORANDUM FOR: Director of Central Intelligence  
FROM: Harry E. Fitzwater  
Deputy Director for Administration  
SUBJECT: Weekly Report for Period Ending 24 February 1984

1. Progress reports on tasks assigned by the DCI/DDCI:

None.

2. Items/events of interest:

a. On 17 February, three Office of Communications employees received the Intelligence Star for individual acts of courage while assigned

25X1

b. The Office of Data Processing has completed program modifications for the Budget Ranking System (BRS) for the 1986 Budget cycle. Test results have been forwarded to the Office of the Comptroller for approval.

25X1

d. On 21 February 1984, representatives from the Domestic Security Branch, OS, Real Estate and Construction Division, OL, General Services Administration (GSA), and the building owner for the Ames, Key, and Chamber of Commerce Buildings had a meeting to discuss the access control of the parking areas for these buildings. The discussions centered around providing vehicular access of the respective buildings during peak hours. The Office of Security's recommendations for the accomplishment of this control through the use of contract guards, CCTV cameras, and parking access control systems were presented to the group.

SUBJECT: Weekly Report for Period Ending 24 February 1984

e. On 22 February, the Director of Security, accompanied by the Deputy Chief of the Polygraph Division, testified before the Senate Select Committee on Intelligence regarding the use of the polygraph within CIA. The Committee's interest generally included types of tests given, the questions asked, details regarding favorable and unfavorable test results, and how "hard cases" are resolved within the Agency. The feedback from the Committee was positive and the consensus of Agency personnel present is that the testimony was well received.

f. The computer terminal printer and a new secure communications line which electronically connects the Security Records Division, OS, and the Department of Defense facility at Fort Holabird was recently activated and tested. When operational, the line will enable the Security Records Division to make "on-line" computer checks.

25X1

i. The CAMS 2 training program began on Tuesday, 21 February. The course will run for eight days with 30 students from the Intelligence Community in attendance. In addition to the scheduled students, there will be a number of observers at this running.

j. The Covert Instruction Division of the Office of Training and Education has begun several new programs in the past week. Three of them are: a one week counter-surveillance
