PREFACE

The *Directory of Chinese Officials: Provincial Organizations* identifies individuals who hold positions on the provincial level in the Chinese Communist Party (CCP), legislatures, governments, and selected mass organizations. It also identifies those who hold posts in military regions and military district headquarters and in the CCP and government organizations of the provincial capitals. The early and late dates denote specific identification of an individual in his position. Early dates are current up to 31 October 1984; late dates are current up to 5 October 1984. The names of members and alternate members of the Central Committee of the CCP are followed by *Mbr*, *CC*, and *Alt Mbr*, *CC*, respectively. Members of the Central Advisory Commission are denoted by *Mbr*, *CAC*.

The directory may be used to find both the incumbents in given positions within an organization and the positions of specific individuals. Also included are an organization index and an alphabetical index of personalities, with Standard Telegraphic Codes when available.

This is the third published directory of Chinese provincial-level officials. (Other volumes in the Directory of Chinese Officials series are *National Level Organizations* and *Scientific and Educational Organizations*.) The orthography adopted is the Pinyin system for the romanization of Chinese characters. When romanized versions of Uygur, Zang and other minority names are known, they are used; otherwise the Chinese phonetics of those names are rendered in Pinyin. Beneath the names of most of the major organizations are short notes that give the date of their establishment.
