DIRECTORY OF SOVIET OFFICIALS VOLUME I: NATIONAL ORGANIZATIONS

A (CR) 75-45

(Supersedes CR A 73-31)

December 1975

P R E F A C E

The *Directory of Soviet Officials* identifies individuals who hold positions in selected Party, government, and public organizations in the USSR, and in international organizations as representatives of the USSR. The Directory may be used to find either the incumbents of given positions within an organization or the positions of given individuals. For some organizations, notably government ministries, the Directory also lists all known major components, including those whose leading administrators were not known at the time of publication; hence the Directory is in a limited sense also a guide to the internal structure of these organizations.

Coverage. This publication is a revision of *Directory of Soviet Officials, Volume I: National Organizations* (CR A 73-31, November 1973), and copies of the November 1973 publication should be destroyed. Volume I covers organizations only at the national level. RSFSR organizations are treated in Volume II (CR A 71-21, July 1971); organizations in the other union republics are covered in Volume III (A (CR) 75-18, May 1975).

Directory Entries. The date following an official's name is that of his appointment, assignment, election, or, where the abbreviation "i." precedes it, his earliest known identification in position. All entries in the Directory have been checked as of March 1975, and all officials who were identified in position after 1 January 1966, and not known to be deceased or transferred, have been included. Names of deceased persons do appear in the Party leadership graphs on pages 5 and 6 and in the membership lists of major elected bodies, such as the CPSU Central Committee. Names are given in full where known. Transliteration from Russian follows the system authorized by the Board of Geographic Names (BGN). Non-Russian names (such as those of Estonian or Ukrainian origin), for which original Latin-alphabet spellings or separate BGN transliteration systems exist, are treated as Russian names and are transliterated from their

Russian spellings. Hence the Ukrainian surname Honchar is rendered Gonchar.

Organizations. An effort has been made to verify and standardize the names of organizational components and the position titles of individuals, but some unverified entries remain where the sole source is a non-Soviet publication. Addresses and Russian titles of organizations based in Moscow are taken from *Moskva: Kratkaya Adresno-Spravochnaya Kniga* (Moscow: A Short Address and Reference Book), 1971.

Date of Information. Information within this volume of the directory is current as of 1 March 1975.

Addendum

The following major high-level governmental and Party changes have occurred since 1 March 1975:

1. Nuclear physicist Anatoliy Petrovich Aleksandrov was elected President of the USSR Academy of Sciences on 25 November 1975. He replaced Vladimir Aleksandrovich Kotel'nikov who had served as Acting President since 19 May 1975 when Mstislav Vsevolodovich Keldysh retired (page 269). Keldysh remains a member of the Presidium of the Academy and continues to hold the other positions in the directory.
2. Valentin Borisovich Aleskovskiy was identified as Rector of Leningrad State University on 21 May 1975, vice Gleb Ivanovich Makarov (page 273).
3. Boris Vladimirovich Bakin became Minister of Installation and Special Construction Work on 23 May 1975, vice deceased Fuad Borisovich Yakubovskiy (page 147).
4. Radomir Georgiyevich Bogdanov was identified on 16 June 1975 as the third Deputy Director of the Institute of the USA and Canada (page 280).
5. Nikolay Timofeyevich Glushkov became Chairman of the State Committee for Prices on 21 August 1975, replacing Vladimir Ksenofontovich Sitnin, who was apparently relieved some time before July 1974 (page 201).
6. Afanasiy Kondrat'yevich Mel'nichenko became Minister of the Medical Industry of 22 May 1975, vice deceased Petr Vasil'yevich Gusenkov (page 163).

Addendum (cont.)

7. Viktor Nikolayevich Polyakov became Minister of the Automotive Industry on 18 July 1975 following the death of Aleksandr Mikhaylovich Tarasov. Polyakov had been one of Tarasov's deputies since September 1966 (page 69).
8. Aleksandr Nikolayevich Shelepin was released as a full member of the CPSU Central Committee Politburo on 16 April 1975 (page 1) and as chairman of the All-Union Central Council of Trade Unions on 22 May 1975 (page 235). It is not known if he retains his membership on the Constitutional Commission (page 229). On 26 May 1975 Shelepin was appointed a Deputy Chairman (one of five) of the State Committee for Vocational and Technical Education (page 208).
9. Ivan Dmitriyevich Sosnov became Minister of Transport Construction on 6 March 1975, replacing Yevgeniy Fedorovich Kozhevnikov who retired (page 183).
10. On 4 September 1975 Nikolay Vladimirovich Talyzin became Minister of Communications, replacing Nikolay Dem'yanovich Psurtsev who retired (page 80).
11. Lev Mordkovich Volodarskiy became Chairman of the Central Statistical Administration on 6 August 1975, replacing Vladimir Nikonovich Starovski, who retired (page 217).
12. On 29 May 1975 the Ministry of Heavy, Power and Transport Machine Building split into two ministries--the Ministry of Heavy and Transport Machine Building and the Ministry of Power Machine Building. Vladimir Fedorovich Zhigalin, who was head of the original

ministry, remains as Minister of Heavy and Transport Machine Building. Viktor Vasil'yevich Krotov, formerly Zhigalin's First Deputy, became the new Minister of Power Machine Building (page 143).

ORGANIZATIONS UNDER THE USSR COUNCIL OF MINISTERS

Note: The letters U-R or A-U are used below to indicate "union-republic" organizations, which operate locally through corresponding organizations on the republic level, and "all-union" organizations, which have no such regional counterparts. The remaining organizations listed below have not been officially categorized in this manner.

Collegia of USSR Ministries (and other national organizations with Ministerial status) are by statute composed of Ministers, who serve as Collegium chairmen, and Deputy Ministers. In addition, other officials may be appointed, subject to approval by the USSR Council of Ministers. This directory lists these officials under "other collegium members."

 Address: Moscow, I-139, Pervyy D'yakovskiy Pereulok, 4

Note: The components of this committee are of three types: those which comprise the administrative apparatus of the committee, those which supply and market the products of a particular industry, and those which outfit new plants of an industry or related industries with aggregate deliveries of equipment, instruments, cable, and other items. The latter two types of components are considered main administrations of the committee and are customarily identified by their abbreviations rather than their long titles.

Committee for State Security (KGB)

Russian: Komitet Gosudarstvennoy Bezopasnosti pri Sovete Ministrov SSSR
Address: Moscow, Tsentr, Ulitsa Dzerzhinskogo, 2

Note: Western sources customarily refer to the KGB's numbered main administrations (glavnyye upravleniya) as chief directorates. The Main Administration of Border Troops does not have a number; it has apparently shifted several times between the KGB and the Ministry of Internal Affairs (MVD).
