MEMORANDUM FOR: Executive Director-Comptroller
SUBJECT : Proposal for Recognition of
Allen W. Dulles at Headquarters

1. Comments on the three proposals for recognition of Allen W. Dulles at the Headquarters building submitted to some 28 current staff who formerly were close working associates of Mr. Dulles are now largely in hand. The tally is: a plaque - 14 votes; a bust - 6 votes; a sculpture - 3 votes; no recognition - 2 votes. The simple inscription, "Under whose guidance this building was erected," or some variant of it, received 10 votes followed by 5 votes for no inscription. Individual comments offered by the "voters" provide an interesting and useful variety of observations which are available if you care to review them.

2. In light of these comments the FAC recommends that:

a. A bas relief plaque of Mr. Dulles's head be adopted, using Heinz Warneke as artist.

b. The inscription, in addition to name and dates of office, read: "This Headquarters was his concept and under his guidance was built."

c. The plaque be placed on the right wall of the main entrance way opposite the quotation from John.

d. The Chief, Logistics Services Division, OL, be authorized funds not to exceed \$2,000 to implement this plan with the advice and assistance of the FAC.

e. The Director tell Allen of our plans and of STATINTL Warneke's desire for several "sittings" with him this fall.

Chairman
Fine Arts Commission

APPROVED

L. K. White
Executive Director-Comptroller
