Mr. Gary Chase
Chief Counsel
Select Committee on Intelligence
United States Senate
Washington, D.C. 20510

Dear Gary:

This is in response to the concern expressed by Senator Bentsen at the 8 May SSCI markup of the Intelligence Authorization Bill concerning the cost of funding additional retirement credits at unhealthful posts.

The Office of Personnel informs us that based on the State Department's experience, about one percent of their senior officers serving at unhealthful posts and who are receiving salaries close to the ambassadorial pay cap elect the extra retirement credit in lieu of a post differential. The Agency expects that its experience will be similar to that of the State Department.

Hopefully, the above cost data will provide the necessary information requested by the Senator.

Sincerely,

Chief, Legislation Division
Office of Legislative Liaison
