MEMORANDUM FOR:

[Redacted]

Deputy Director for Legislation  
Office of Congressional Affairs

THROUGH:

Vice Chairman, COMIREX *[Signature]*

SUBJECT:

Request to Monitor Proposed Legislation [Redacted]

25X1

1. I request your office's support in monitoring the changes that are being proposed to the "Land Remote-Sensing Commercialization Act of 1984" (Public Law 98-365; 98th Congress). These proposed modifications are of interest to us. Among other things, adoption of some changes may affect the extent and manner in which CIA and other elements of the Intelligence Community can use imagery products acquired by the US civil remote sensing satellite program. In the 1983/1984 period, [Redacted] OGC provided valuable support in monitoring, keeping us informed, and enabling us to influence the development of the original legislation so that Intelligence Community interests were protected. Request that similar support be provided on the proposed modifications. [Redacted]
