

1 April 1980

MEMORANDUM FOR: Director of Security
FROM:
Acting Deputy Director of Security
SUBJECT: SCI Access at the White House

1. In the afternoon of 1 April 1980, Bob Gates, Executive Assistant to the DCI, advised that he spoke to Dr. Brzezinski concerning the recent exchange of correspondence on Bobbitt. After Gates had drafted a biting response, he came to the conclusion that the last thing we need is any unpleasantness between the National Security Council and the Central Intelligence Agency. Dr. Brzezinski agreed to withdraw the letter, and nothing will be forwarded to us, because the matter is considered closed.

2. Mr. Gates did request that we do whatever is necessary to alert Jerry Jennings as soon as possible, anytime there is an SCI request from the White House, regardless of the level of the requestor, whether it is Cutler, Jordan, or whoever. In that way Jennings will be in a position to advise Dr. Brzezinski early on.

3. Both DD/PSI and DD/CA elements are involved in the clearance/briefing process, and possibly it would be worthwhile to issue a short office directive on the issue.
