MEMORANDUM FOR: Deputy Director of Central Intelligence

VIA: Director, Intelligence Community Staff ᶜᶜ MAR 1985

FROM: _____   25X1
Executive Secretary

SUBJECT: Artificial Intelligence Symposium

1. The Third Annual IR&DC-sponsored Artificial Intelligence Symposium, held at the new DIA building from 19-21 March, was quite successful. There were close to 500 attendees from Government, Industry, and Academia; and, in addition, 17 corporations exhibited their artificial intelligence products. (C)

2. The keynote speech was given by the Director, DIA, who told the attendees that he hoped artificial intelligence initiatives, would provide help to DIA to cope with the increasing information explosion problems. He noted that a few years ago DIA was receiving about 5,000 messages a day for processing and were keeping up with the workload. Today, DIA is receiving close to 10,000 messages per day, and lack the capability to keep pace with the flow of information. As an aside, I was told by the Symposium Chairman, that LTG Williams had been speaking to the HPSCI and had mentioned the problems DIA was having with the information explosion. When queried by the HPSCI members as to what he was doing to correct the situation, he cited the potential of artificial intelligence applications and the utility of the Symposium to stimulate innovative thinking on AI techniques and applications. (C)

3. There were 25 principal speakers, as well as a dozen or so others, who gave presentations in informal special interest working groups. In talking to many of the attendees, I found that they believed that the Symposium accomplished two things. First, it presented an update of artificial intelligence technologies and what new techniques were being developed, and second and most important, it provided a focus on how these new technologies   25X1
might be applied throughout the Intelligence Community. I believe that the Symposium, through your support, has now reached a critical mass and will be a continuing annual event. (C)

4. I have drafted two memoranda for your signature in your capacity as
Acting Chairman of the Council. The memorandum at Attachment A thanks
Jim Williams and his staff for hosting the Symposium and providing such fine
support. The memorandum at Attachment B is to Phil Eckman, the Council's
Artificial Intelligence Steering Group Chairman, thanking him for the Group's
leadership in directing this year's Symposium. For your information, I have
enclosed the Symposium brochure (Attachment C). (C)

MEMORANDUM FOR: Director, Defense Intelligence Agency

FROM: John N. McMahon
                  Acting Chairman

SUBJECT: Artificial Intelligence Symposium

    1. On behalf of the Intelligence Research and Development Council, I wish
to extend my personal thanks to you and the members of your organization, who
played a part in hosting and supporting the Third Annual Community Artificial
Intelligence Symposium. From all indications, the Symposium was quite
successful in achieving its intended purpose of focusing on artificial
intelligence techniques, which may have application to intelligence
collection, processing, and production problems. The Intelligence Research
and Development Council will continue to support this important technology for
future applications.

    2. Please extend my appreciation to [   ] Commandant of   STAT
the Defense Intelligence College, and [   ], Symposium
Chairman, whose hard work and attention to the numerous details required made
for such a fine event.

                                        /S/ John N. McMahon

MEMORANDUM FOR: Chairman, Artificial Intelligence Steering Group

FROM: John N. McMahon
                  Acting Chairman

SUBJECT: Artificial Intelligence Symposium

I wish to express my appreciation for your direction and leadership in carrying out this year's Artificial Intelligence Symposium. Please extend my thanks to the Steering Group members for their fine work, which contributed to a most successful Symposium. In particular, [   ]   STAT Symposium Chairman, and Mr. Paul E. Tilson, Jr., Program Chairman, are to be commended for putting together an outstanding program.

/S/ John N. McMahon

11 March 1985

MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM   : Philip K. Eckman
                Chairman, Artificial Intelligence Steering Group

SUBJECT   : Invitation to AI Symposium

1. I am pleased to extend this invitation you to attend the
Artificial Intelligence Symposium being hosted by the Defense
Intelligence College on 19-21 March 1985. The Symposium is
sponsored by the Community's Artificial Intelligence Steering
Group. It will be held in the Defense Intelligence College
Auditorium at Bolling Air Force Base.

2. Top Secret/SI/TK clearances will be required to attend a few
of the Special Interest Working Groups.

3. Keynote speakers will speak on Tuesday and Thursday morning;
vendor demos (TI, Symbolics, Teknowledge, etc.) from 1100 to 1300
each day; Technical papers Tuesday afternoon and Wednesday morning;
and Special Interest Working Group meetings on Wednesday afternoon
with their reports to the Symposium on Thursday afternoon.

MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM: 25X1
Executive Secretary

SUBJECT: Third Artificial Intelligence Symposium

1. The third Community Artificial Intelligence Symposium will be held on 19-21 March 1985 at the Defense Intelligence Agency auditorium at Bolling Air Force Base. As you recall at the last Symposium, which was held in the CIA auditorium, you were the keynote speaker and your remarks were much appreciated. (C)

2. This year's event seems to be shaping up as an even better Symposium with additional vendor displays, special interest working group meetings, and added academic inputs. Therefore, we would like to again invite you to be our keynoter and to address the Symposium attendees (about 15 to 25 minutes) on Tuesday, 19 March at 0900. Your talk would be preceded by short "Welcome to DIA" remarks given by Jim Williams. An alternative time for your presentation could be at 1000 on Thursday, 21 March 1985. (C)

3. If your schedule permits, we will be pleased to provide you a point paper of remarks that you might consider incorporating into your address, as well as a full description of the overall Symposium activities. (U)
