MEMORANDUM FOR: Director of Central Intelligence  
FROM: Director, Office of Legislative Liaison  
SUBJECT: Weekly Report

ITEMS OF INTEREST

1. State Department Authorization Act: The Congress has passed and sent to the White House the State Department Authorization Act for FY86. The Senate version of that Act contained a provision entitled the "Foreign Surveillance Prevention Act," sponsored by Senator Moynihan. This provision was vigorously opposed by the Agency and we were successful in persuading a House/Senate Conference Committee to drop the Moynihan proposal. The conferees did, however, request that the President conduct a study of the problem of electronic surveillance of Americans by foreign powers and submit recommendations to Congress no later than 1 January 1987 on legislation and other actions designed to bring an end to surveillance of Americans by foreign powers.
