

THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D.C. 20505

Deputy Director for National Foreign Assessment

13 May 1981

Admiral Daniel J. Murphy, USN  
Chief of Staff to the Vice President  
Office of the Vice President  
Washington, D.C. 20500

Dear Admiral Murphy:

This is to invite your participation with other Washington-  
community policy and intelligence officials in a two-day conference  
at [redacted] 25 and 26 June 1981, on nuclear proliferation intelligence through the 1980s. 25X1

The conference will provide the opportunity for policy people to  
concentrate attention on what is being done on the intelligence side,  
how well, and changes that might be made. We will be trying to build  
a common understanding of the main issues in planning policy, conduct-  
ing assessments and directing collection activities. Policy officials  
mostly at the level of assistant secretary and below and intelligence  
analysts and collectors are invited to attend the conference (copies of  
the invitation list and the tentative conference agenda are enclosed).

Background materials and discussion papers will be furnished upon  
arrival at the conference. TOP SECRET (SI/TK) clearances will be re-  
quired of all participants. Transportation, meals, and accommodations  
will be provided.

Please call [redacted] as soon as possible, but no later than Wednesday, 3 June 1981, to confirm your participation  
and to make arrangements for transportation to and from the conference. 25X1

Sincerely yours,

[redacted signature box]
