**2S12 Self-Propelled  
Mortar (S)**

**Description**

This model depicts the 120-mm self-propelled mortar 2S12. This is a working model which may be displayed in either the travel mode or the firing mode. The model was created in response to Community interest in the 2S12. The 2S12 self-propelled mortar may be intended to replace the towed 120-mm mortar now in use. (S/WN)

This model has been prepared on the basis of detailed analysis and specifications provided by the Tactical Forces Division, Imagery Exploitation Group, NPIC. The model components have been produced to scale in accordance with photogrammetrically derived values. Comments and queries regarding this model may be directed to [Redacted]
