

1.2.9

DCI SECURITY COMMITTEE
FACILITY PROTECTION SUBCOMMITTEE

17 April 1985

MEMORANDUM

From: Chairman, Facility Protection Subcommittee
To: Chairman, DCI Security Committee
Subj: IACSE/ADPA PHYSICAL SECURITY SYMPOSIUM
Encl: (1) Symposium Program
(2) Attendance List

1. I attended the IACSE/ADPA Joint Government-Industry Symposium on Physical Security Equipment at Eglin AFB during the period 9-11 April 1985. Enclosures (1) and (2) are, respectively, a Symposium Program and a listing of advance registrants; the actual number of people attending was approximately 300.

2. At the request of IACSE personnel, I prepared a Symposium critique sheet which was used to assess attendee comment. I understand that the comments received were highly complimentary and that the Symposium is considered to have been successful in meeting its objectives.

3. I am pleased to report that, while at the Symposium, I arranged several meetings among attendees which resolved current developmental and operational problems, particularly with respect to fiber optics in intrusion detection systems, as well as in other equipment areas.

4. I believe my attendance at the Symposium was beneficial for the Community and will materially contribute to the activities of the Facility Protection Subcommittee.

G. L. BERKIN

American Defense Preparedness Association
in cooperation with
The Interagency Advisory Committee on
Security Equipment
General Services Administration
Presents a
Joint Government-Industry Symposium
on

April 9-11, 1985
Eglin Conference Center
Eglin Air Force Base
Fort Walton Beach, Florida

The American Defense Preparedness Association
in cooperation with
The Interagency Advisory Committee on Security
Equipment
(General Services Administration)
Presents a
Joint Government-Industry Symposium on
PHYSICAL SECURITY
April 9-11, 1985
Eglin Conference Center
Eglin Air Force Base, Florida

Objective and Scope
The American Defense Preparedness Association (ADPA) in cooperation with the Interagency Advisory Committee on Security Equipment (IACSE) of the General Services Administration (GSA) will conduct a joint Government-Industry Symposium on Physical Security. The 1985 Joint Conference Theme is "Keeping Ahead of Technology in Today's Dramatically Changing Environment Through a Joint Government-Industry Symposium on Physical Security Technology." The objectives are to provide a comprehensive look at the requirements imposed on Physical Security Equipment used in all phases of the IACSE and to discuss the research, development, manufacture, and evaluation of equipment intended to meet these requirements. Priority has been given to papers addressing new technology developments.

Symposium presentations will address the categories of: (1) Containers (vaults, locking devices); (2) Barriers (interior, exterior, ballistic, lighting); and, (3) Intrusion-Detection (sensors, command, control, display).

Sessions will be unclassified. Session III is classified SECRET-US ONLY. The entire symposium will be of interest to both government and industrial personnel engaged in advanced Physical Security systems planning, research, design, development, integration, evaluation, and operational requirements.

(Portion of this symposium is classified SECRET-US ONLY.)

Guest Speaker
Maynard Anderson
Director of Security Plans & Programs
Office of Deputy Under Secretary of Defense (P&C)

The Assistant Secretary of Defense (Public Affairs) has determined that the American Defense Preparedness Association sponsored activities comply with the Department of Defense Standards of Conduct Directive 5500.7.

JENDA

Monday, 8 April 1985
1800 **Registration**—Ballroom Foyer of the Holiday Inn Hotel, Fort Walton Beach, Florida.
2000 **Early Bird Reception**—Ballroom Foyer of the Holiday Inn Hotel, Fort Walton Beach, Florida.

Tuesday, 9 April 1985
0700 **Bus Transportation** departs Holiday Inn for Eglin Conference Center.
0700 **Registration**—Lobby of the Eglin Conference Center, Eglin Air Force Base, Florida.

0830 **Introduction Remarks**—Mr. Richard E. Clement, Director, Support Services Division, Office of Federal Protection & Safety, General Services Administration, Vice Chairman IACSE & Conference Chairman.
0835 **Welcome Remarks**—Major General William F. Twining, Commander, Armament Division, Air Force Systems Command, Eglin Air Force Base.

0845 **Conference Overview and Purpose**—Mr. Harvey E. Pryor, Assistant Commissioner, Office of Federal Protection & Safety, General Services Administration, Chairman of IACSE.
0900 **Keynote Address**—Maynard Anderson, Director, Security Plans and Programs, Office of Deputy Under Secretary of Defense (P&C).

0945 **Coffee Break**
1015

**SESSION I
BARRIER TECHNOLOGY**
The purpose of this panel is to present and discuss counter measures to personal and vehicular forcible or surreptitious entry into restricted areas.
Session Chairman: Mike Smith, Naval Civil Engineering Laboratory, Port Hueneeme, California

1020 **Concepts for Hardened Magazine Doors Against Thermal and Shaped Charge Attacks**—A. B. Wenzel, Department Director and L. R. Garza, Senior Research Engineer, Southwest Research Institute.
1040 **Barrier Development of Frangible Walls and Roof Panels for Security**—A. B. Wenzel, Department Director, Southwest Research Institute.

1100 **Technology Advance and Penetration Barrier**—C. Draca, C.M. Security Products, Inc.
1120 **Vehicle Crash Testing of Protective Barriers**—Jarvis D. Michie, Director, Southwest Research Institute.

1140 **A Systematic Approach to the Development of Integrated Security**—R. N. Lawson & A. L. Hirschman, Senior Professional Staff, Dynatrend Inc.
1200 **Break for Lunch**
1230 **Lunch**
1400

**SESSION II
LOCKING DEVICE TECHNOLOGY**
The purpose of this panel is to present the advances in the state-of-the-art new materials and techniques as applied to projected demands of second generation locking device counter-countermeasures.
Session Chairman: Russell S. Waller, Office of Security, Department of State.

1405 **A Suppliers Overview—Product Needs and Evaluation**—Gerald Kirsch, Vice President and Tom Black, President Government Sales Division, Sargent & Greenleaf.
1430 **Group IR Combination Locks—Advanced Technology**—Leonard Wetz, Jr., Director of Engineering, Security Division, Art Metal—USA, Inc.
1450 **Locking Device for Security Container**—Joseph I. Parrock, Sr., Manager-Commercial Engineers, Mosler-Sale Company.

1510 **Nuclear Weapons Transport Container**—William Hunter, Goodyear Aerospace Corporation.
1530 **Refreshment Break**

1600 **Ready Space Center Access Control System for Critical Facilities**—L. P. Halbeisen, Technical Services Division Manager, EG&G Florida, Inc.
1620 **Access Control System, Doorways**—John L. Parselle, Related Energy & Security Systems Inc.

1640 **A High Security Bar Code Access System**—Robert R. Percival, Chairman and Chief Executive Officer, Intelligent Controls, Inc.
1700 **Micromputer Oriented Controls Operate Access Control Portals**—David C. Smart, Vice President Sales, Campbell Engineering Co.

1720 **Universal Machine Readable Credential**—William F. Ragsdale, President, Robert L. Warman, General Manager, and Will Haymaker, Vice President Marketing, Dorado Systems.
1740 **Adjourn**
1745 **Bus** departs for Holiday Inn Hotel

Wednesday, 10 April 1985
0700 **Charter Buses** depart the Holiday Inn for Eglin Conference Center.
0730 **Registration**, Lobby of Eglin Conference Center.
0830

**SESSION III
INTRUSION DETECTION TECHNOLOGY**
The purpose of this panel is to present advances in intrusion detection technology and transmission line security and to incorporate combinations of these technologies into complete security systems.
Session Chairman: Everett I. Sholl, Technical Development & Planning Division, US Secret Service.

0835 **Spread Spectrum Technology Applied to Microwave Bi-static Intrusion Detection Sensors**—Daniel A. Blattman, Senior Vice President of Research & Development, Racom, Inc.

- SESSION IV
Classified: SECRET—US ONLY
RESEARCH AND DEVELOPMENT
The purpose of this panel is to present recent technologies and methodology in the areas of electronic and physical security.
Session Chairman: Roy Abernethie, Office of Security, Department of Commerce
0835 Evaluation of Buried Line Sensors in a Hostile Environment—Dr. Richard A. Hinder, SRDB, London, England
0900 Defeat of a Priority Monitoring System—Benjamin Barker, Chief, Philip Lundy, Electronic Engineer, and Wilfred Gregson II, Senior Electronic Technician, Physical Security Equipment Division, US Army Belvoir R&D Center
0930 Physical Security Barrier Systems for Asset Protection—Albert F. Abbot, Ordnance Unit, Physics Technology Dept., and Warren F. Turfs, Security Systems Analyst, The Boeing Company
1000 Coffee Break
1030 Quantification of Ballistic and Explosive Threats to the Physical Security of Structures—Donald J. Buz, Group Leader for Tactical & EOD Technology and Stanley Goodard, Program Manager for Ballistic Sciences, Battelle Columbus Laboratories
1100 False Alarms at an Operational Storage Site and How to Use the Data to Improve Performance—James W. Owen, Senior Project Engineer, US Army Belvoir Research & Development Center
1130 Improved Minuteman Physical Security System—James M. Cook, Security System Design Manager and Walter J. Johnson, Senior Radar Specialist Engineer, The Boeing Aerospace Company
1200 Symposium Wrap-up and Closing Remarks—Richard E. Clement, Office of Federal Protection and Safety
1215 Adjourn
1220 Buses depart for Holiday Inn Hotel
1400 Tentative Tours (Unclassified)—Location and Details will be announced during the Symposium if test schedules permit tours on this date.
Proposed Tours of:
Security Systems Test Facility (Test Site C-3)
Facility Intrusion Detection System (FIDS)
1530 Conclusion of Tours

GENERAL INFORMATION
Accommodations: A block of rooms has been reserved at the Holiday Inn U.S. 98 & Santa Rosa Blvd. Oklawaha Island Fort Walton Beach, FL 32548. Phone: 904.243.9181.
Rates:
Industry & Government: Single, \$40.00. Double, \$60.00.
CUT OFF DATE FOR THIS SPECIAL GROUP RATE IS 20 MARCH 1985.
Please make your own reservations and identify yourself as attending the American Defense Preparedness Association's Symposium. This will enable you to take advantage of the special rates. Due to the high seasonal demand for rooms, you are urged to make your reservations prior to the indicated cut off date of 20 March 1985. Rooms will not be blocked at this special rate for the Association after 20 March 1985 (see Holiday Inn registration form attached).
Transportation: Arrival at Fort Walton Beach, Florida by the evening of 8 April 1985 is recommended in view of the early meeting time on 9 April 1985.
Air travel to the Fort Walton Beach area may be made directly to the Fort Walton Beach Eglin Air Force Base (16 miles east, driving time 40 minutes) or to Panama City Airport (50 miles east, driving time 60 minutes). National Car Rental at the Fort Walton Beach Eglin Air Force Base. Air transportation has low rental rates for those attending the ADPA conference. Phone 800.328.6667 for reservations.
Bus Transportation will be provided from the Holiday Inn to the Eglin Air Force Base, and return each day. If you choose to drive, ample parking space is available in front of the conference center.
Registration: Early registration by 2 April 1985 is most desirable to facilitate check-in at the conference. Please complete the attached acceptance form and mail it with your fee to the American Defense Preparedness Association, Rosslyn Center, Suite 900, 1750 Moore Street, Arlington, VA 22209.
Fees: Registration fees are \$200.00 for industry and \$110.00 for U.S. Government attendees. The fees will include lunches, bus-quick, reception, coffee & refreshment breaks, and other administrative expenses. No refunds will be made after 2 April 1985.
Identification: All attendees will be required to present to security personnel for identification prior to entering the conference facility a company security badge, military ID card, drivers license with social security number or photograph, or a passport.
Security Clearance: The third day (11 April) of the conference is classified SECRET/US ONLY. The attendance at this session is restricted to those attendees holding US US SECRET clearance. Tape recorders, cameras and note taking will not be permitted in the conference facility during the classified session. Airspace clearing,

to attend this session must have the enclosed Security Form completed, signed and mailed to arrive no later than 2 April 1985 to Security Officer, American Defense Preparedness Association, Rosslyn Center, Suite 900, Arlington, VA 22209. Phone: 703.522.1820.
Foreign Nationals: Individuals from the countries of Canada, Australia or Great Britain desiring to attend the unclassified portion of the conference must submit their visit requests through the appropriate Embassy and then to HQ/USC/C&E for final approval. This request to visit a U.S. military installation must be approved prior to the conference. Visit request approval by the appropriate Embassy should be mailed to: HQ/USC/C&E, International Affairs Division, The Pentagon, Room 4C1074, Washington, D.C. 20330. Phone: 202.695.3712.
Message Center: For your convenience, a message center has been established in the Eglin Conference Center. Messages to conference will be taken at 904.882.2224 or 904.822.2225. ALTITUDE—872-2224 or 872-2225.
Inquiries: For further information concerning this meeting, please contact the American Defense Preparedness Association, Rosslyn Center, Suite 900, 1750 Moore Street, Arlington, VA 22209. The Conference Project Manager for ADPA is W. Bruce Holt, Colonel, USAF (Ret.), TX #1818007043.
AIR TRANSPORTATION
Enlight Travel, Inc. has been selected to assist individuals arrange their airline transportation to and from the Physical Security Conference at Ft. Walton Beach, Florida.
Enlight Travel, Inc. guarantees the lowest fares available during this period of travel. For flight and ticket information, contact Enlight Travel and identify yourself as attending the American Defense Preparedness Association meeting at Eglin Air Force Base.
