PREFACE

This directory identifies individuals who hold important positions in the People's Republic of China. Information was drawn primarily from Chinese press releases received through 1 November 1986. Included are the earliest and latest dates specifically identifying individuals in their positions. (Exceptions are members of the Politburo and State Council, who are listed in their positions as of October 1986.) The names of females are followed by the letter *f*. Also included are a table of contents and indexes to organizations and personalities, the latter with Standard Telegraphic Codes, when available. The orthography adopted is the Pinyin system for the romanization of Chinese characters. When romanized versions of Uyghur, Zang, and other minority names are known, they are used; otherwise the Chinese phonetics of those names are rendered in Pinyin.

This reference aid combines and supersedes the three earlier volumes in the series: *National-Level Organizations* (CR 85-12068, June 1985), *Provincial Organizations* (CR 86-11054, March 1986), and *Scientific and Educational Organizations* (CR 85-10229, February 1985).
