5 August 1987
MLD-7028

MEMORANDUM FOR: Director, Foreign Broadcast Information Service
FROM : Chief, FBIS London Bureau
THROUGH : Chief, Operations Group
SUBJECT : Monthly Report -- London Bureau -- July 1987

I. GENERAL

1. BBC announced during the month that the computer-driven control system which will allow full use of the two 11-meter steerable satellite dishes at Crowsley Park is expected to be operational "sometime in October." In another modernization development, [redacted] replaced [redacted] as BBCMS Reception Department modernization special assistant effective 20 July.
2. A BBCMS modernization schedule published on 1 July included a surprise reference to FBIS decanting from the second floor from late 1990 until mid-1991. An urgent memo from the bureau chief to BBCMS management elicited the less-than-reassuring response that the decision on decanting would be up to FBIS based on its ability to work directly under the planned roof renovation project. BBC has promised FBIS an early meeting with its architect to discuss this issue, particularly with regard to the Autodin Room.
3. ESG Deputy Chief [redacted] and three FBIS automation contractors spent 22-24 July at the bureau in discussions with BBC automation officers and bureau management. Based on the talks, a draft technical memorandum of understanding on the interfaces between the BBC and FBIS automated systems was revised for approval by appropriate FBIS and BBC officers.

STAT

II. OPERATIONS

A. Editorial/Monitorial

1. PMU managed two "scoops" during the month. Chief, Wire Services Staff advised that the unit's timely handling of Gorbachev's interview with the Indonesian paper MERDEKA from the Soviet central press resulted in a "true scoop" for FBIS. PMU Chief Editor [redacted] catch on the identification of Tretyak as Air Defense Forces commander in chief reached Washington over 12 hours ahead of other western media reports.
2. Written agreement was reached in mid-month with BBC News and Publications Department whereby any BBC Part 1 requests for PMU special processing would be routed through News and Publications Department management to Chief, PMU with a

STAT

copy passed to the deputy bureau chief. This new procedure will rectify workload problems which were arising from Part 1 editors going directly to PMU media analysts with processing requests.

B. Communications

1. The dedicated circuit to Headquarters was returned to operation with its increased baud rate and new termination point in Reston and, at least in the first month of operations, a significantly higher amount of downtime. In another change, we have noted that the circuit has returned with a new name: LDA/DLA instead of the former LWA/WLA.
2. Communications Unit Chief [] received the [] [] award for "most esoteric BACH bug" of the month when he pointed out a problem with the "modify a consumer" routine in BACH 1.31A. As a result of his message, an all-bureau advisory was sent recommending a temporary fix until new software is implemented.
3. Islamabad Unit: British Telecom International on 29 July began work on extending the satellite-borne segment of the Islamabad Line from London to Islamabad, thus replacing the former downlink in Karachi. After initial problems on the Islamabad side resulting in an almost 48-hour line outage, the new link was fully operational in both directions by the morning of 31 July. This change, eliminating the troublesome microwave link between Karachi and Islamabad, is expected to result in improved line quality and reliability.
4. Cologne Unit: C/ADD offered some help in improving the Unit's production system by suggesting, on 28 July, that the PC the Unit chief is using be upgraded by adding a hard disk, controller, and enlarged power supply to enable the Unit to run BACH.

STAT
STAT
STAT

C. Lateral Services

At the request of the U.S. NATO mission in Brussels, PMU filed a USSR roundtable discussion on military sufficiency, parity and deterrence from the 13 July edition of NEW TIMES.

D. Technical

1. A faulty fixed disc controller board on the Victor PC II recently received from Headquarters was identified and replaced by the bureau's IBM PC maintenance contractor.
2. When the VDU used for programming the automated Adaptable Facsimile Processor developed a fault, bureau engineers were able to trace the problem to a dry joint on the power PC board. Thanks to the routine backup recording operation, there was no delay in supplying the Soviet press printout to PMU while the fault was being rectified.

III. ADMINISTRATION

Personnel

- 1. The Embassy personnel officer has advised that the expected new wagescales for London Embassy FSN employees, which will also affect FBN wagescales, are second in a queue of 18 awaiting final approval by the Department of State. Once approved, the new wagescales will be implemented retroactively to 5 July.
- 2. Bureau engineer [redacted] was selected to attend the 1987 running of the FBN Orientation Program. STAT
- 3. PMU Arabic monitor trainee [redacted] EOD'd on 6 July and teletype operator [redacted] on 19 July, bringing the bureau up to its full FBN T/O in all sections. STAT
STAT
STAT
- 4. Senior associate editor [redacted] administrative assistant [redacted] and teletype operators [redacted] [redacted] received Quality Step Increases during the month for sustained superior performances in their various fields. STAT
STAT
STAT
- 5. In Islamabad, new Unit Chief [redacted] assumed duties on 14 July upon the departure of outgoing chief [redacted]. STAT
STAT

IV. VISITS

To the bureau: Chief-designate Amman Bureau [redacted] on 1-2 July; Chief-designate Islamabad Unit [redacted] on 7 July for talks with bureau chief and BBC; Paraguay Bureau associate editor [redacted] on 7 July for bureau familiarization; Amman Bureau junior editor [redacted] on 9 July for editorial discussions; Headquarters manager [redacted] and colleague on 17 July for bureau tour; ESG Deputy Chief [redacted] and three Lockheed contractors 20-24 July for automation talks with bureau and BBC; and area communications officer [redacted] on 28 July for a bureau briefing, tour and pub lunch. STAT
STAT
STAT
STAT
STAT
STAT
STAT

From the bureau: Teletype operator [redacted] to Tel Aviv Bureau from 29 June to 2 August to assist during a staffing shortage. STAT

V. COMMUNITY ACTIVITIES

The bureau chief and [redacted] attended change of command ceremonies at High Wycombe Air Station on 7 July during which Lt. Colonel Lawrence Nevieux assumed command from Lt. Colonel Robert Todd. STAT
