STAT

Chief, USIA Foreign Media Analysis

SUBJECT:

Institutes in the U.S. Receiving FBIS Reports

1. Re your request, FBIS itself does not have contacts with the public, inasmuch as we are a component of the CIA. However, the National Technical Information Service of the Department of Commerce makes FBIS unclassified and unrestricted materials available for subscription to the public, as part of the Department of Commerce's charter from Congress.

2. Based on the list of public subscribers supplied to us by the Department of Commerce, the attached list indicates what institutions in the United States subscribe to the unrestricted FBIS Daily Reports. We have no list available of public subscribers to other FBIS reports such as those issued by the U.S. Joint Publications Research Service, an FBIS subsidiary.
