Hon. Richard Helms  
Director  
Central Intelligence Agency  
Washington, D. C.

Dear Mr. Helms:

Sorry you couldn't be with us for the Forum.

Enclosed is the final Program. (We added Dr. Powell on "Red China's Military Capability" and extended the Panels that dealt with NATO and Soviet ambitions for "technological surprise." General Alfred Gruenther, Admiral Arleigh Burke, Dr. Henry Kissinger and Ambassador Ted Achilles conducted a spirited Panel on these topics.)

Altogether, we had 410 participants from defense industry, the War Colleges and Service Academies, trade associations, political science faculties, international business, the Pentagon and the world of public affairs.

We plan now to schedule half-day National Security Briefings at conventions of various groups, for management and on campus.

With best wishes, I am

Faithfully,

Frank R. Barnett
