NOTE FOR WILLIAM CASEY

(From

The attached agenda(item A) requests you to speak on "regional perceptions of US negotiations". I think it would be useful to take the following thematic cuts:

Cuban/Nicaragua efforts to use negotiations to neutralize countries in Central America
see attached item #2

Honduras

-Cuban /Nica effort to intimidate or entice into neutrality since 1979(see item #2 p 2)

-recent reactions of Suzao (see item #3--which the President saw on June 24..

Cable from Negroponte on the Suzo reaction which State suppressed)

-Nica ~~off~~ invitation to ~~Costa~~ Honduras for bilateral ~~talks~~ or else Nica and the US will settle the issues "over their head"

Costa Rica

-past efforts (item #2 p 2)

-recent reactions(see Winsor & cable last week ^{see file 5610 - item 44} saying Monge believed

the implementatin of democracy in Nicaragua was the most important goal of the Contadora process)
