MEMORANDUM FOR: All OC Headquarters Employees  
FROM: Daniel C. King  
Director of Communications  
SUBJECT: Combined Federal Campaign

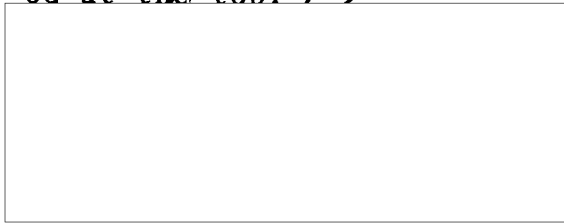

DDA REG.

DD/A REGISTRY  
FILE: \_\_\_\_\_

1. I would like to add my voice to that of the DCI's in encouraging each of you to participate in the Combined Federal Campaign (CFC) by a small contribution through payroll deduction. One or two dollars deducted from the biweekly pay will not be missed, but collectively those small contributions can mean a lot to someone in need. Contributions by check or cash are also acceptable.

2. Those who do not care to have their contributions spread among all the agencies listed with the CFC may designate on the contribution form which agency is to receive the contributions.

3. If you choose not to contribute to a CFC agency, then please consider the two Agency-sponsored programs -- the Public Service Aid Society (PSAS) and Educational Aid Fund (EAF). This is an excellent way to assist your co-workers who may be in dire need of financial aid. And, we never know when any one of us may find ourselves facing the same misfortune. When the contribution graphs are displayed, let's have OC at the top.
