MEMORANDUM FOR: Designated Agency Safety and Health Officials  
FROM: John E. Plummer, Director  
Office of Federal Agency Programs  
SUBJECT: Training Courses with Certification Points

The Occupational Safety and Health Act, Section 19, requires agencies to establish and maintain an effective and comprehensive occupational safety and health program. Executive Order 12196 Section 1-201(g) requires that the head of each agency shall assure that periodic inspections of all agency workplaces are performed by personnel with equipment and competence to recognize hazards.

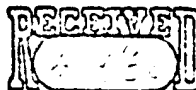

To assist agencies in fulfilling their occupational safety and health responsibilities the OSHA Training Institute offers a wide variety of safety and health training courses. Among these are a number of courses which have been awarded certification maintenance points by the American Board of Industrial Hygiene.

The attached list of courses with certification points should be widely circulated to all occupational safety specialists and industrial hygienists within your agency.

Should you need additional information please contact Tony Towey, Chief, Division of Training and Educational Development by calling FTS 353-2500 or (312) 297-4810.

MEMORANDUM FOR: John Plummer, Director  
Office of Federal Agency Programs

THROUGH: John B. Miles, Jr., Director *JBM*  
Directorate of Field Operations

THROUGH: *BH* Bruce Millenbrand, Director  
Federal-State Operations

FROM: *H. E. Harris* Harvey E. Harris, Director  
Office of Training and Education

SUBJECT: American Board of Industrial Hygiene (ABIH)  
Certification Maintenance Points

This is to advise you that the Office of Training and Education has been awarded certification maintenance (CM) points by the American Board of Industrial Hygiene for the following courses offered at the OSHA Training Institute:

<u>Course No.</u>	<u>Course Title</u>	<u>Points</u>
201	Hazardous Material	3.0
207	Fire Protection and Life Safety	2.0
220	Recognition, Evaluation and Control of Noise	3.0
221	Principles of Industrial Ventilation	3.0
222	Respirator Training	5.0
223	Industrial Toxicology	6.0
224	Laboratory Safety and Health	3.5
225	Principles of Ergonomics	3.0
226	Confined Space Entry	2.0
227	Principles of Temperature Stress	2.0
228	Recognition, Evaluation and Control of Ionizing Radiation	5.0
229	Recognition, Evaluation and Control of Lasers	2.0
230	Recognition, Evaluation and Control of Microwave and Radiofrequency Radiation	3.0
300	Safety and Health for Oil and Gas Well Operations	1.0
307	Safety and Health in Sawmills	2.0
320	Advanced Noise Control	3.0

-2-

<u>Course No.</u>	<u>Course Title</u>	<u>Points</u>
322	Applied Welding Principles	2.0
323	OSHA Technical Update - Health	4.0
324	Safety and Health in the Molded Products Industries	2.0
325	Safety and Health in the Textile Industry	2.0
327	Advanced Toxicology for Specific Chemical Hazards	3.5
328	Industrial Hygiene Chemistry	2.0
329	Applied Spray Finishing and Coating Principles	2.0
330	Safety and Health in the Chemical Industry	2.0
340	Advanced Principles of Safety and Health Management	3.0
420	Health Update for OSHA Managers	3.0

CM points will also be awarded for abbreviated versions of the above courses. For example, the Respirator Training course is two weeks when given in residence, but one week when offered off-site. One-half of the CM points given the residence course would be awarded. Shorter off-site courses (i.e., less than one week) will be awarded certification maintenance points on an individual basis through ABIH.

Since certified industrial hygienists are required to maintain certification through a series of point gathering activities, it is requested that you assist to advise those certified industrial hygienists in other Federal Agencies of this source of continuing education for maintenance of their certification.

Any questions concerning this matter may be directed to Tony Towey, Chief, Division of Training and Educational Development by calling FTS 353-2500 or (312) 297-4810.
