

29 APR 1982

Mr. Paul Kennon, FAIA  
President, CRS, Inc.  
CRS/Sirrine, Joint Venture  
1111 West Loop South  
Houston, Texas 77027

Dear Paul,

On behalf of the Agency and the General Services Administration, I would like to take this opportunity to express our sincere appreciation for the splendid presentation CRS/Sirrine made to the Evaluation Board on 14 April 1982. Your participation throughout the presentation was certainly a positive indication of your personal commitment to the project.

The facilities tour was particularly impressive, and we appreciated the opportunity to meet Bill Caudill and Willie Pena. The active use of computer graphics by both CRS and J. E. Sirrine represents a commitment to the future and a willingness to explore new ways of accomplishing old tasks.

The Board has now completed interviews with all three firms, and it is anticipated that the notification of the final ranking will be made no later than 1 June 1982.

Please extend my personal thanks to Ralph Aiken and all members of the joint venture who participated in the presentation.

Deputy Director of Logistics
