Dear [Redacted]

Enclosed with this letter are two drawings for your information. These are the Preliminary Design drawings for the site and landscape development, and the water management system.

These drawings have been submitted to the National Capital Planning Commission (NCPC) for formal review and comment. The Commission staff will forward copies to the State and County for their review. If you or your representatives would like to comment, you may do so by either contacting our office, the Fairfax County Office of Comprehensive Planning, or by writing to the Commission directly.

This letter responds to the request of your association contained in the 7 January 1982 letter from the President, McLean Citizens Association to the Chairman, NCPC. Please call on this office if additional information or clarification is required.

Sincerely,

[Redacted Signature]
