The Department and the CIA are presently preparing an agreement to cover the CIA's funding of off-site road improvements at its entrance on Route 123. Once the agreement is executed, an engineering consultant will be employed to analyze traffic conditions and develop plans for the roadway improvements. The concerns noted in your letter will be considered in the project development process.

Once a plan is developed for the improvements, the CIA will hold meetings with the citizens in the area to discuss the proposed plan.

Your interest in this highway improvement is appreciated.
