Dear [Redacted]

STAT

Thank you for your letter of May 12, 1983, concerning the Central Intelligence Agency headquarters consolidation and the Old Chain Bridge Road intersection with Georgetown Pike. We have advised the full Commission and CIA of your concern regarding the project and your request for an opportunity to review plans for road improvements in conjunction with the project.

The CIA staff has reiterated to our staff in recent discussions that it remains fully committed to coordinating with affected organizations in the surrounding community on plans for the off-site road improvements. You will also have an opportunity to comment and make recommendations to the Commission during its review of plans for the project.

We appreciate your comments on this project. If you have concerns regarding the coordination of the project plans during the coming months, please contact Robert Gresham of our staff, on 724-0191.

Sincerely,

Reginald W. Griffith
Executive Director
