HILL CONTACT Pat Bennett

COMMITTEE/MEMBER Congressman Frank Wolf

SUBJECT Traffic Plan in re New Building

ACTION OFFICER

STAT

SUMMARY: Pat Bennett said the Congressman would like to reply to a constituent who is concerned about the traffic congestion in this area when the new building is completed. She has already been in touch with the National Planning Commission and they provided her with some information. They then referred her to [redacted] but he was in [redacted] STAT/TAT

After discussing request with DDA, I called Pat and offered to send her a map of the proposed improvements submitted by the Virginia Department of Highways to the NCPC, but she did not want this. She stated she needed to know whether we had made any changes since the submission to the NCPC and what our current thinking on the matter is.

I responded that if any changes therein were proposed, then they would have been submitted. She will proceed with the information she already has in hand.
