STAT

SUBJECT: PLANS FOR [redacted] MOVE

Andy,

STAT

Just a heads up. OIT is planning to make extensive use of the South Tower freight elevator during the [redacted] move that is scheduled for the Memorial Day weekend (27-31 May). This sounded okay to us since Centex will be gone except for punch list items. Do you see any problems? How about the ground and first floor connectors?

STAT

[redacted]

*FMD notified - no problem  
to 4/25*
