FIELD COVERAGE SCHEDULE

This schedule indicates the DAYS TRANSMITTED and the COVERAGE DAYS, the days of transmission which have been scheduled for monitoring, by the use of initials of the days of the week, with certain exceptions. The word "daily" is substituted for transmissions and coverage expected every day. The word "note" indicates a complex schedule which is explained in the NOTES column and the abbreviation "irreg" denotes transmission or coverage on a random basis. The days of coverage are shown as irregular for all priority 3 and backstop coverage.

Multiple sourcelines head any coverage to which two or more sourcelines are applicable, with the principal sourceline listed first. Those broadcasts, press agency transmissions, and publications which do not announce their true countries of origin are grouped into "Clandestine" sections.

The INDEX OF INPUT shows the average number of minutes per week of regular coverage available to FBIS.

The USUAL MONITORABILITY is indicated by the terms "good" (all words monitorable), "fair" (occasional words and phrases unmonitorable, suitable for texting), "poor" (intermittently monitorable, unsuitable for texting), or "unm" (unmonitorable, no processing possible).

ELECTRONIC COVERAGE

This schedule arranges the sourcelines within each country section in the following order:

The PRIORITY shows the relative certainty and speed of processing given to the coverage under normal circumstances. Bureaus may override priorities during emergencies. The priority is indicated by a numeral:

international broadcasts from the chief broadcasting city and then from other cities in alphabetical order

domestic radio and television broadcasts from the chief broadcasting city and then from other cities in alphabetical order

international presscasts

domestic presscasts from the principal commercial center and then from other cities in alphabetical order

1. (Preferred Coverage)—This coverage takes precedence over all work. Field bureaus process this coverage as soon as possible after intercept or receipt. The bureaus do not drop such coverage without the concurrence of Headquarters unless arrangements have been made for alternate coverage.

Within each of these groups official transmissions precede semi-official and private ones, national services precede regional services, and network broadcasts precede local separations. Otherwise sourcelines are arranged in alphabetical order of language whenever the principal difference among them is the language.

2. (Standard Coverage)—The bureaus process this coverage on a reasonably current basis—usually within 24 hours of receipt.

3. (Contingent or Nominal Coverage)—The bureaus process this coverage irregularly, as staffing and other considerations allow or as ad hoc projects require.

CONTENT OF THE ELECTRONIC COVERAGE COLUMNS

The TIMES are expressed in Greenwich Mean Time (EST + 5 hours or EDT + 4 hours) and they show the nominal starting time and the ending time for each item of coverage. "0000" stands for the first moment of the GMT day and "2400" the last moment. If a cast does not adhere to a fixed schedule, the listing shows the nominal starting time followed by an ending time chosen to show the usual duration of the cast. The bureaus sustain intercept and recording as long as is necessary to monitor the entire cast. The broadcasts under each sourceline are arranged so that the earliest coverage of the local broadcast day is listed first. Listings for press transmissions start with the agency's first cast of the transmission day.

The bureaus assign the same priorities to backstop coverage as to primary coverage but they monitor the backstops only when the originals are missed or unmonitorable.

The PURPOSE OF COVERAGE is indicated by an alphabetical symbol:

A—general coverage producing a substantial volume of material for the Daily Report or the FBIS Wire

C—coverage from a unique source which produces a limited volume of publishable wordage

E—coverage monitored primarily for reports on economics

J—coverage taken primarily for use in the publications of the Production Group

L—coverage monitored primarily to serve lateral recipients

V—coverage monitored principally for the preparation of video selection lists

For Official Use Only

W—watch or cruising function, including the coverage of program previews
