Dear Mr. Limmer:

I wish to express my appreciation for the program you set up for our Mid Career Course participants on 9 April. The students were extremely interested in the video tape of the crash of Delta #191 - particularly the planning and evaluation necessary to cope with such a disaster. This provided them with a valuable insight into a different management practice. They also enjoyed learning about the history of the airport and touring the facilities.

Please express my gratitude to all those involved in support of this visit. I appreciate the time and effort devoted to this endeavor.

Sincerely,
