Dear Admiral Robbins:

In our narcotics survey course, which is offered two or three times a year to new intelligence analysts and collectors, we include a briefing on the role of the U.S. Coast Guard in the war against illicit drugs. Lieutenant Junior Grade Gilbert Teal of your staff has made the presentation a number of times over the past two years.

I wish to express my appreciation for the many times Lt. Teal has responded to our request for a presentation and hope that he can continue to do so. While the military is known for its high quality briefings, Lt. Teal's work in this regard has been outstanding. He is a credit to the Coast Guard and makes an essential contribution to our narcotics course.

Sincerely,
