STAT

MEMORANDUM FOR:

[Redacted]

DDO/Career Management Staff

STAT

FROM:

[Redacted]

Director of Training and Education

STAT

SUBJECT:

Observations on PDP II Instructors in
[Redacted] October 1987

1. It is always a pleasure for an Office Director to hear compliments such as those which you sent to me on the quality of instruction offered by Phyllis, Jackie and Barbara. Your comments will be forwarded to them. I share with you a respect for their instructional skills. They are appreciated even more when you realize they turn out this quality on a daily basis.

2. Even more important your comments let us know that OTE is delivering "training that counts for the CIA", as stated in our credo. I would encourage you and your colleagues to continue your participation in these programs, both in the field and here at Headquarters. Your presence can add substantively to the instruction from our staff and also keep our information base continually updated.
