MEMORANDUM FOR: Mr. Hugh Montgomery
Director of Intelligence and Research
Department of State

SUBJECT : Intelligence Study of Internationals

1. This is to respond to your memorandum of 3 February 1984 forwarding Assistant Secretary Motley's request for a study of the role of the various internationals in Latin America.

2. During the last year, we have completed a research paper on the Socialist International and typescript memoranda on the Christian Democratic and Liberal Internationals. These papers analyze the politics of the organizations and outline their worldwide activities, including what they are up to in Latin America. I would suggest that we send these papers to you, along with a new typescript that will focus on Ambassador Motley's questions. We should be able to do this within the next two weeks.
