SUBJECT:

Meeting with the Intelligence Producers Council

[Redacted]

1. As you know, NIESO planning for remote site manning was not viewed favorably by the IPC member organizations when we presented the concept for reaction last fall. Our comments were provided to NIESO on 2 February 1984 (CAJ #000002-84). The Intelligence Producers Council would be pleased to meet with you to discuss this topic further. [Redacted]

2. Having discussed this matter with your staff, we have tentatively placed you on the agenda of our next IPC meeting which is scheduled for Wednesday, 28 March 1984, 1000 to 1200. If this is agreeable with you, we will schedule you to appear from 1100 to 1130. You may want to provide a short briefing and have the remainder of the time for discussion.
