ADDI CHRONO
18 MAY 1984

MEMORANDUM FOR: Intelligence Producers Council

SUBJECT : Central Intelligence Agency Second and Third
Quarter FY 1984 External Analysis Research
Program

1. The attached list is of the CIA/DDI external analysis research projects approved for the second and third quarters of FY 1984. Those listed under our Office of Scientific and Weapons Research are a mix of both new and continuing projects. However, those projects listed for other DDI offices are in most cases new research efforts.

2. In order to more accurately reflect the extent of our regional research program, we have included projects which do not reach the minimum level of effort--one-half manyear--which has been established. We are also providing a point of contact and telephone extension for each project. (Our Office of Soviet Analysis has a telephone prefix of [redacted] vice the more recognized [redacted])
