INTELLIGENCE PRODUCERS COUNCIL

ADDI CHRONO
16 MAY 1984

MEMORANDUM FOR:

[Redacted]

Deputy Director for Foreign Intelligence
Defense Intelligence Agency

FROM:

Chairman, Intelligence Producers Council

SUBJECT:

Continued DIA Representation on the
Intelligence Producers Council Staff

STAT

1. As I mentioned at the last IPC meeting, we expect to lose the services of [Redacted] in mid-September. John McMahon has sent a note to Jim Williams formally requesting another DIA representative for the IPC Staff (attachment). I would like to address the transition process with you in a little more detail.

STAT

2. The administrative procedures, including polygraph, medical profile, and security indoctrinations, will normally take several weeks after DOD approval of an assignment. An effective turnover of projects requires at least two additional weeks. This suggests that [Redacted] replacement should report to the IPC Staff during the first week of September 1984.

STAT

3. It would be to our collective benefit if the DIA candidate has some familiarity with the IPC and current Staff projects. For this reason, I asked the IPC Staff to suggest someone at DIA who has worked with us. They have recommended [Redacted] because she regularly participates in a number of projects with the IPC Staff, and has made important contributions to several IPC tasks.

STAT

4. I appreciate your support in this matter.

MEMORANDUM FOR: Lieutenant General James A. Williams, USA
Director, Defense Intelligence Agency

SUBJECT: Continued DIA Representation on the Intelligence
Producers Council Staff

1. The rotational assignment of [redacted] the DIA staff representative to the Intelligence Producers Council (IPC), will be completed in mid-September. During his time with the IPC, [redacted] has demonstrated remarkable versatility and energy, together with the excellent judgment and instincts of a really fine staff officer. He has made important contributions in a number of areas, such as exchanges of internal research, coordination of external research, management of the production enhancements program, emergency planning, and long-range intelligence requirements. [redacted] is an extremely effective representative of your agency and has served as a useful point of contact in a variety of matters. The effects of [redacted] work will be felt and appreciated long after his departure.

2. The IPC has made considerable progress during the past two years in support of the DCI, the IC Staff, and the collection planners, as well as the intelligence producers. Much of the credit for our accomplishments goes to the IPC Staff, comprised of DIA, CIA, and NSA members, for their excellent conduct of day-to-day operations and liaison. [redacted] has been with the IPC almost from its inception, and certainly [redacted] is a key ingredient in the progress we have seen. Since he is heavily involved in a number of projects, I invite you to select a successor for [redacted] in sufficient time to permit an orderly turnover of responsibilities.

3. I very much appreciate your continued support of the Intelligence Producers Council.

TS/
John N. McMahon
