MEMORANDUM FOR: Associate Deputy Director for Intelligence

VIA: Chief, Planning Group, PMS

FROM: [Redacted] Executive Officer, ALA

25X1

SUBJECT: Additional FY 84 Fourth Quarter Contract Proposals

1. Attached are two additional contract proposals for which we would appreciate your consideration and, if appropriate, your approval. We intend to let both contracts to applicants in process for this office. As such, we expect them to be funded under SOC 2539.

2. As I have indicated in previous correspondence, ALA would be close to being overdrawn in the external contracts account if the contracts you have approved come in at our estimated cost. The latest figures available, however, indicate that several of the contracts signed recently will cost us less than originally anticipated. As a result, we will be able to afford the contracts above with no reprogramming.
