MEMORANDUM FOR: Director of Intelligence and Research,

Department of State

SUBJECT:

Arms Control Monitoring

- 1. Thank you for your memorandum of 10 January, posing a number of questions on future US capabilities for monitoring arms control agreements.
- 2. They are good questions, with important implications, both for US intelligence and for the direction of US arms control policy. Consequently, I want to tap the best sources in the Intelligence Community to give this subject thoughtful treatment. We have set this process in motion, and expect to have a response for you in the next few weeks.

/S/ John N. McMahon
