MEMORANDUM FOR: Director, Office of ELINT

SUBJECT : Status of EWS Projects

1. The Office of Special Activities is continuing to up-date the status charts of EWS equipments in both the IDEALIST and OXCART programs. We believe that our information concerning equipments under development by ASD/OEL is current with the exception of the more recent requirements forwarded to you by OSA. Our objective is to maintain a projected EWS status board to enable the operations planners to integrate EWS flight test requirements into the schedule of other requirements for the aircraft.

2. The current status and projected schedule of availability of the following equipments are among those of primary interest to us at this time:
