MEMORANDUM FOR: Acting Director, Intelligence Community Staff

VIA: AD/PPS

FROM: , IHC

STAT

SUBJECT: Request for Additional Information on Candidate
Critical Systems

1. D/PPS drafted this proposed DDCI memorandum before he left on his trip. He directed that it be coordinated with Dr. Davis.

2. Dr. Davis received the proposed letter and wanted to sign the cover letter as the COMPUSEC Project Director.

3. AD/PPS thought it a little irregular for the transmittal to be signed by Dr. Davis, but believes that since the whole project is a little unusual that there is considerable value in her having both the high-visibility and being able to claim the direct contact.
