MEMORANDUM FOR CHAIRMAN, COMPUTER SECURITY SUBCOMMITTEE, SECURITY  
COMMITTEE, NATIONAL FOREIGN INTELLIGENCE BOARD

SUBJECT: Amendment of Computer Security Subcommittee Charter

1. In response to your request that you be provided a coordinated Army position on the proposal that Attachment 2, DCID 1/11 be amended, the following position is provided.

2. Army concurs in proposal by the NSA member, CSS, that paragraph 1, Attachment 2, DCID 1/11, 18 May 76, be amended to read as follows, addition underlined:

"The Security Committee with respect to computer security shall:

1. Review, formulate and recommend to the Director of Central Intelligence policies, standards, and procedures to protect intelligence data stored, processed, or communicated by computer."

3. This concurrence is in conformity with Army automation security doctrine promulgated in Army Regulation 380-380, 14 Oct 77, which defines system security as encompassing "the personnel, physical, communications, electromagnetic emanations, hardware, software, procedural, and all other security aspects contributing to the protection of automated systems (hardware and software), site, activity, facility, or operation as a potential target."
